Main Event Landmark Satellite FAQ's

What is a landmark satellite?
A landmark satellite is played and structured exactly the same as a normal satellite; the number of entries determines the number of players who can win a seat in a larger event. The difference is that in a landmark satellite players do not need to play to the end or to a certain percentage of players remaining, they only need to achieve a chip stack at or above the "landmark".

What is the landmark chip stack amount?
The landmark chip stack amount is determined by the entry fee; below are the two landmark satellite chip stacks we are running during the '26 Fall Classic:

$130 Landmark Satellites – *When a player achieves a chip stack above 200,000, they can opt to exit the tournament and receive their voucher. (10x Starting Stack)*

$240 Landmark Satellites – *When a player achieves a chip stack above 125,000, they can opt to exit the tournament and receive their voucher. (5x Starting Stack)*

What if I have more than the landmark amount, can I still play?
No, if a player achieves a chip stack of 219,000 and opts to exit the tournament and receive their voucher, all of their chips are taken out of play.

Will the dealer tell me when I have enough chips to get a voucher?
No, it is 100% your obligation to notify the dealer when you have enough chips to collect a voucher, if you choose to continue playing and fall below the landmark you are no longer eligible for a ticket, and must rebuild your stack. It is the player's responsibility to know their stack and notify the dealer immediately upon wanting to exit the tournament. This MUST be done before cards are dealt, if you do notify the dealer, and you are dealt cards with a required bet (big blind, small blind) and paying those blinds brings you beneath the landmark you must play until you achieve the landmark again.

Tip: Keeping your chips in an organized, easily identifiable stacks will ensure you know your stack as it grows!

What happens when there aren't enough chips in play for more than 1 ticket?
All remaining players must play the tournament out for the remaining set.

Can I Re-Enter?
Yes, all players who are knocked out or exit with a ticket can re-enter during the registration period.
